It is a joy and a privilege to belong to **The Rose Society of Saddleback Mountain**, and it is also a duty for members to actively participate in the various events that are part of the RSSM organization. The members greatly benefit personally through direct involvement by sharing experiences and talents, by making new friends, and as an expanded learning opportunity. Below are listed the major functions RSSM has each year and society/meeting duties. Please indicate the events that attract your interest, and note the extent you are willing to be involved.
